PARTICIPATION

There has never been a participation instrument in this course. This is one. It is not attendance. Attendance is a condition below. What is banded is what you brought to the room: the standup that opens every session, and whether your presence changed anyone else's work. Published in W01, which is what makes it markable.

Banded from the standup log, not from memory.

- | | |
|---|---|
| ☐ Standup contributions are specific: the number that moved, not a status update | ☐ Work is visible in progress, not only when finished |
| ☐ Gives usable critique in studio, not only praise | ☐ Peer micro-teach delivered when it was your table's turn |

BAND THIS SECTION

- | | |
|---|---|
| ☐ 4 COMPLETE AND RIGOROUS | Everything asked for is there, and the work behind it is evidently real: sourced, specific, and connected to what you actually found. |
| ☐ 3 COMPLETE | Everything asked for is there and adequately done. The floor, cleared. |
| ☐ 2 PARTIAL | Substantially present but with real gaps: missing sections, unsupported claims, or work that stops at the first answer. |
| ☐ 1 INSUFFICIENT | Largely absent, or present in a form that cannot be assessed. |
